

IN THE SPECIFICATION:

Please amend paragraph [09] on page 2 as follows:

~~[09] Fig. 2d is an isometric view of a first embodiment of a composite turbine blade attached to two turbine blade support members. This paragraph is deleted.~~

Please amend paragraph [21] on page 4 as follows:

[21] Construction details of one embodiment of one blade of the invention are shown in Figs. 2a, b, and c, ~~and d~~. The two blade support members 3 and four blade members 5 of a single turbine blade are shown in Fig. 2a ~~2d~~ positioned on turbine axis of rotation 1. Fig. 2a shows a blade member filled with foam 6. Fig. 2b shows the upper and lower parts 7 and 8 and a spacer 9 of a blade member as it might be assembled from separate pieces of sheet metal. Fig. 2c shows how a blade support member 3 might be constructed from two metal sheets 7 and 8, a spacer 9, and a connector block 10 that attaches blade support member 3 to a hub 11 or otherwise part of the turbine shaft that rotates about the turbine axis of rotation 1.
